Salt series

Salt photograph prints

Edition size for all prints in these series is limited to three per dimension (for example, three each at 12" x 16", 16" x 20", and 20" x 24") plus artist's proof. Any prints smaller than 12" x 16" are considered open edition. Prints at scales larger than those listed are available by commission.

All prints are on high quality matte paper (Epson, Moab or Hannemühle). I do the printing for this series myself, and those larger than 12" x 18" are printed at Silver Eye Labs in Pittsburgh PA.
